2. Comment. Connected with the motor vehicle exchange program.

3. Comment. Probably intra-zonal shipments rather than border crossing shipments.

4. Comment. Export deliveries to the USSR. It is noteworthy that, while tank trucks are supplied to the GSFG from the USSR, tank trucks are exported from the GDR to the USSR.

25X1

5. Comment. These shipments possibly carried vehicles or guns.

6. Comment. The composition of the train indicates that ammunition was shipped. At Koenigsbrueck, however, no ammunition depot but only a Soviet troop training grounds is located.

7. Comment. This shipment was probably dispatched within the framework of current tank deliveries from the USSR.
